
There is a need for accessibility technology.

Over 40m people are blind worldwide

Need to find groceries in the supermarket with ease and independence

The solution lies in the intelligent combination of different data sources.

Supermarket

Cisco Spaces Cloud

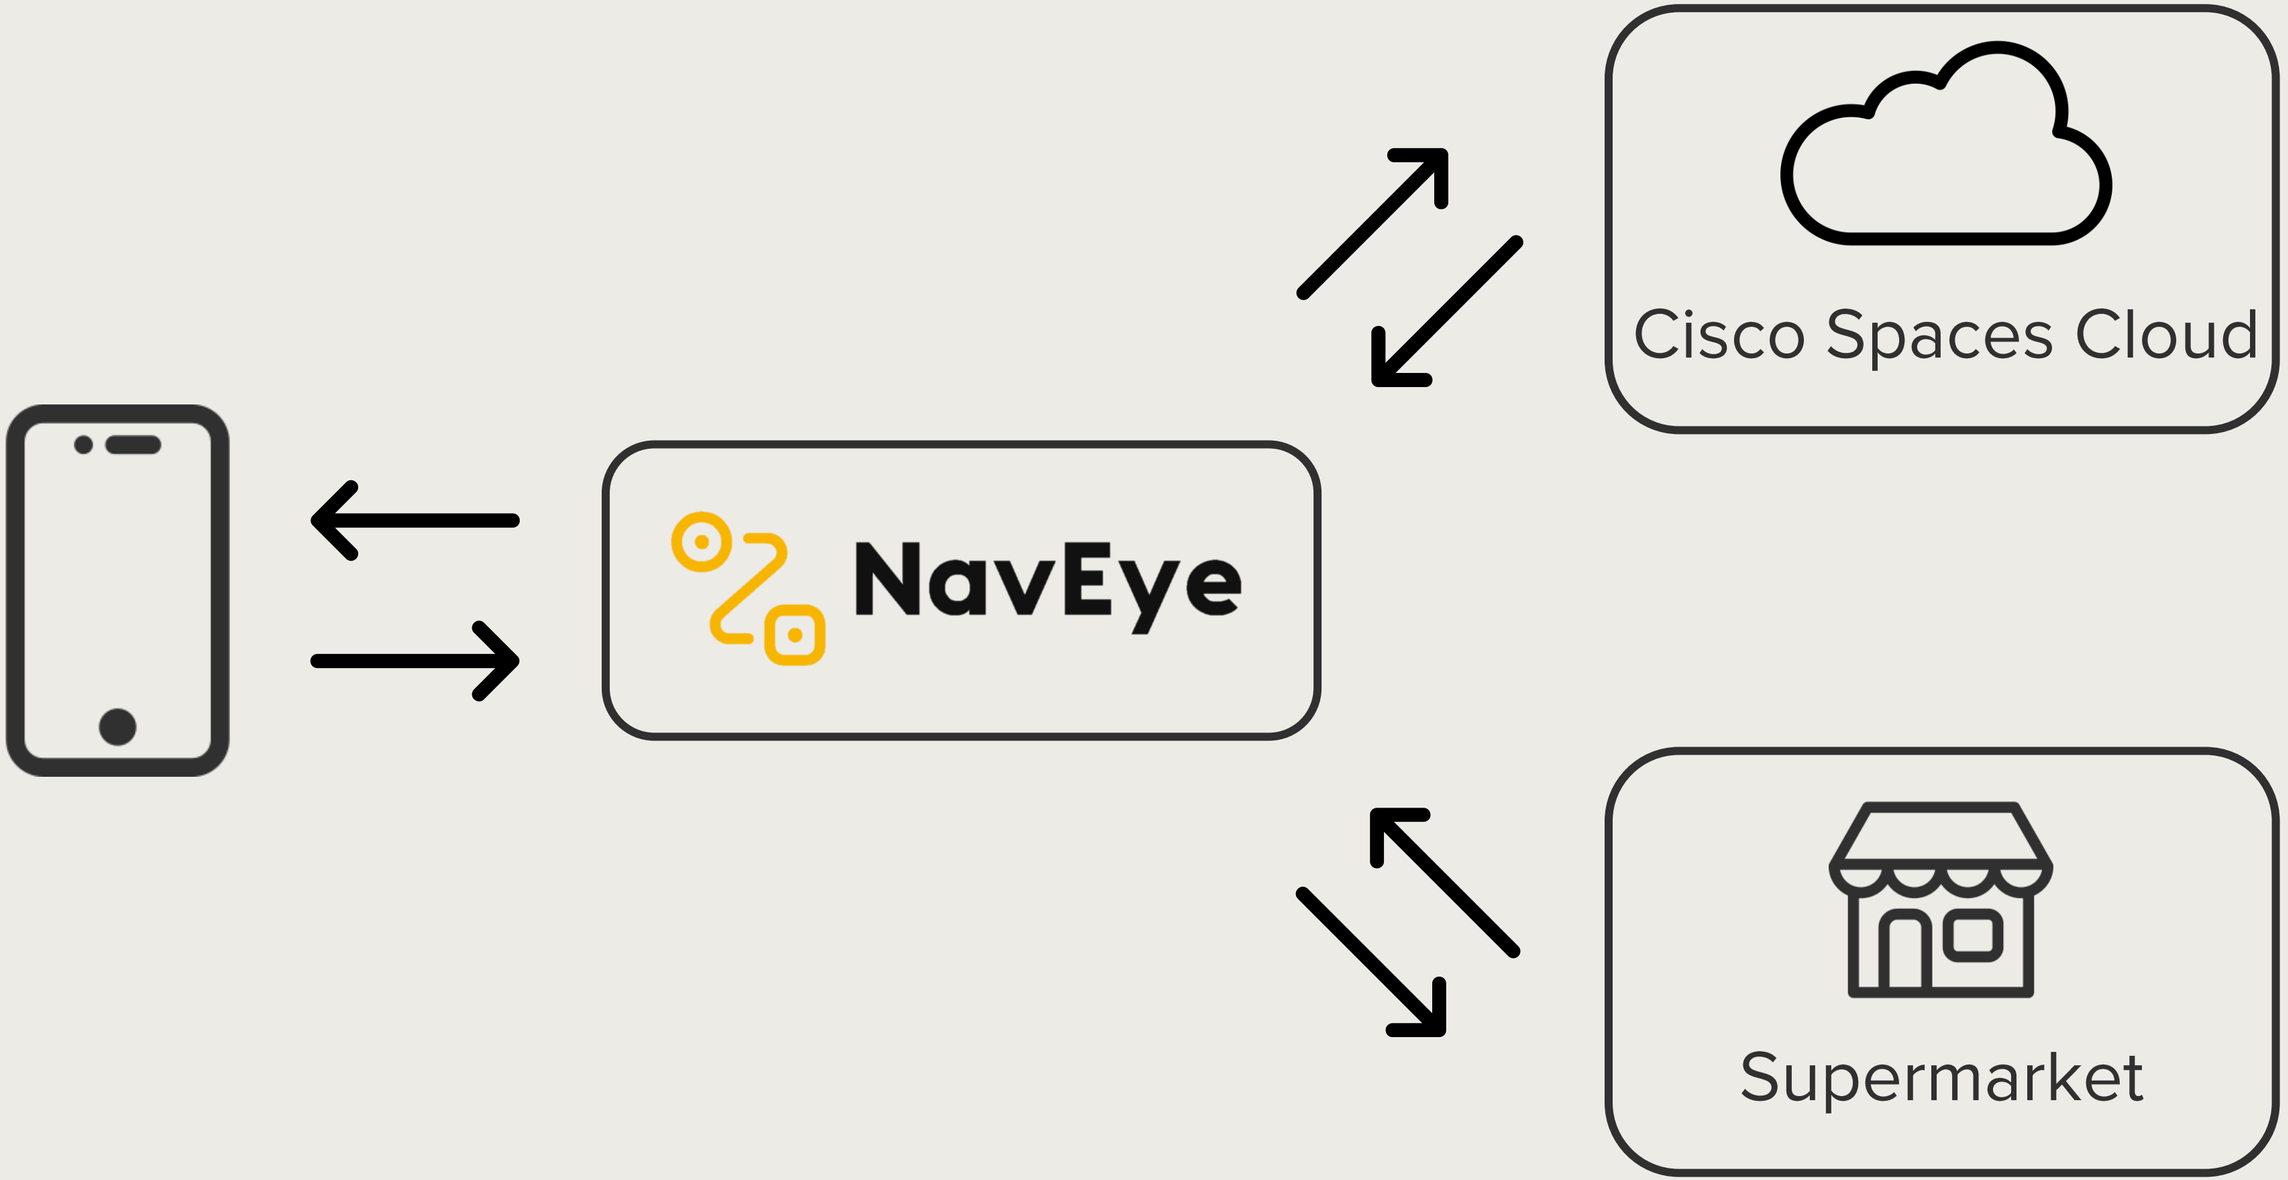
NavEye

Camera and gyroscope data

AI and AR

ALDI
SUISSE
BIO
-KAFFEE
für 1.– CHF
ALDI
ALDI

NavEye will be run in the Cisco Partner App Center.



NavEye is a USP for supermarkets as well as Cisco.

Increased social responsibility

Additional selling point

Cost-effective to run and implement

Reach out to discuss ideas!
